Hello Danelle,

I would like to acknowledge receipt of your invitation, and have forwarded your request to ATSDR management in Atlanta.

Regards,

Richard

Subject: Meeting request

Dear Richard, Gail, Jae, Dale, Scott, CAPT Kauffman and Elizabeth,

Thank you for taking the time to meet with members of the natural resources community recently on the state's planned exposure investigation in Lane County, Oregon. The information you shared and your responsiveness to questions was appreciated.

As discussed at the meeting, we would like to formally offer to have our toxicologists meet with you, the toxicologists consulting with the Pesticide Analytical Response Center (PARC) and the scientists in your departments. The purpose of the meeting would be to have a scientific exchange of exposure data on atrazine. As you may know, there are over 6,000 studies on atrazine. Of these, our toxicologists will be able to provide the most relevant data and studies, including human studies. We believe a direct exchange between the scientists will allow for a productive discussion about data and information that can help with the interpretation of urinary detections of atrazine metabolites.

I will be happy to arrange a meeting with our toxicologists either in person in Salem, or over the phone, whichever is most convenient. We look forward to a robust exchange of information with you and your colleagues soon.

I look forward to hearing from you.

Kind regards,

Danelle
